## “THE COMING GLORY CLOUD - PART 2

**H**e raises up the poor out of the dust, and lifts up the beggar from the rubbish, to set them among princes, and to make them inherit the throne of glory: for the pillars of the earth are the Lord's, and he has set the world upon them. He will keep the feet of his saints, and the wicked shall be silent in darkness; for by strength shall no man prevail.

1 Samuel 2:8-9

We are entering a season of very uncertain future where *the people of God must begin to position themselves in order to be able to step into the next season.* This new season is going to be a season of new beginnings for many in the Kingdom. All the dreams, visions, prophetic words that have been given in past times about things to come are about to be fulfilled. We are living in the times of the fulfillment of all these things. Most of God's people do not have a clue of what is just ahead, and they are not prepared for it.

If the things that have taken place in the first quarter of this year are any indication of what is in store for us this year and the immediate future, *we are in for some rough times.* Several major earthquakes (7-9 Richter) including Haiti and Chile have already taken place in the first three months of this year, and seventeen volcanoes are active just in Indonesia, as well as others erupting in many parts of the world. Land hurricanes (snowicanes) ravaged the northeast, while flooding and fires afflicted many parts of the nation.

Although this bizarre weather is taking place all over the world, this nation seems to be getting its fair share of them. Even TV newsmen and talking heads are beginning to sound worried and wonder *what on earth is going on.* It sounds almost comical as the so called “experts” begin to explain it away as the result of another one of those El Niño seasons. These people reporting the news must think the American people are stupid. Truth is, the people are so numbed down they will believe anything they are told in the news.

In the meantime, the elite are dismantling this nation one bill at a time, while at the same time taking every last nickel and dime from the American middle class, until all that remains will be the poor (you and me) and them (the rich elite). It saddens me to tell you, but I believe this pattern will continue in the next couple of years until *we will not recognize this nation.* Most people in America never thought it would happen here. Some still think it is not happening,

and speak as if we are just going through another season of change.

However, in the midst of all this mess, I see the hand of *God setting America up for the biggest revival it has ever seen.* It will dwarf the Azusa revival, as a matter of fact, this move of God will be so unprecedented that planet earth has never seen anything like it. If what the Lord has shown me comes to pass, the glory of God is going to be displayed for all to see. Those spear heading this will be mighty warriors, who have been processed in the fire of God's furnace, and have been purified in the crucible of life's laboratory.

The satanic kingdom will also become very dark and prominent. There is a great deep darkness coming upon this nation and upon the planet earth in general. The devil is getting ready to come against the Church with great vengeance and fury. However, *by then the church will no longer be defiled and corrupt –but radiant,* full of power and authority as she moves with boldness against the forces of darkness healing the people of God and setting them free. This is going to be the Church's finest hour.

There is much activity taking place in heaven right now. As we continue to press forward, the need to be in position will become extremely important. *Many will miss this visitation because they are too busy with stuff* to listen to the voice of the Spirit and get direction as to what to do. The mindset of doing your own thing or what you believe is the right way will cause you to miss God's visitation. Stop looking upon and focusing only upon what is happening around you and begin to look to the Lord for direction.

For revival to come in America, churches are going to have to begin to raise up intercessors, train and equip them as they position themselves for a mighty outpouring of the Holy Spirit. *Many have cried out for revival, but they are not really ready for the revival that the Lord wants to send.* God's people must be willing to pay the price by seeking the Lord, interceding for those souls and be ready to lay their plans down so that a fresh move of God can come.

We must remain seated at His right hand in heavenly places, dwelling in the secret place of the Most High waiting for the promise of the Father, the full manifestation of the sons of God. The double portion latter rain of His Spirit is about to be unleashed upon those who are holy and set apart for His purposes, sitting with Him in heavenly places.

# Ministry Report

***H*e that has pity upon the poor lends unto the LORD; and that which he has given will he pay him again. Proverbs 19:17**

In January we went to Cuba, where we were for almost a week training a group of pastors, intercessors and leaders in the area of Intercessory Warfare. This was the second time we met with this group, so we spent some more quality time just getting to know them, building a relationship with them and mentoring them on a personal basis. This time around they seemed more optimistic and better organized than the last time we were there.

There was much hunger among them to learn about *intercessory prayer*, as they sat in their chairs and took tons of notes. We taught, trained and fed them for two consecutive days. All the pastors, intercessors and leaders that were present seemed to appreciate both the spiritual and the physical food that was prepared for them. We had an opportunity to visit one of the pastors in the hospital who had just had surgery for a bad bleeding ulcer and was in intensive care and prayed for him. He was happy to see us.

On this trip to Cuba we had *determined to help some orphan children*. While we were there, we went to see a 13 yr orphan girl named Lyetis as she was coming out of school that day. We also went to visit two orphan children who are living with their mom. They lost the father recently and are struggling real bad to make ends meet. The boy suffers from a severe mental disorder which complicates matters things even further. Finally we also helped two young children whose mom is in jail. They are living with their dad who is a good Christian man, but is struggling to feed them

We gave all of the above mentioned children the equivalent of \$400 in CUC's. The US dollar buys much less in Cuba today than it did a few years ago. Most items of any value must be purchased using an artificial form of currency known as CUC, which must be purchased upon arrival to Cuba. You receive \$80 CUC's for \$100 and all items (except food) are sold at the same prices as in the US. Cuba is the only country in the world to have two currencies, the peso and the CUC which is on par with the mighty Euro.

As some of you may already know, the situation in Cuba is not very good. Most people struggle just to put food on the table for their families every day, due to both the lack of food and financial resources. Most people usually make \$400-500 pesos/month (\$15-20 dollars). Doctors make about \$600 pesos/month (\$25 dollars). The people use the pesos to buy vegetables, fruits, bread and medicine. Meat and dairy products are rationed by the government.

The only way you can buy chicken, pork, fish and beef (if you can find it) is with CUC's. Shoes, clothing, electronics and most medicine also must be purchased using the artificial currency. On this trip we also brought with us some medicine and vitamins, as well as several winter coats. During last month's brutal artic blast, many people died in Cuba due to the cold. They simply do not have the type of clothing for this type of cold weather.

One of the pastors built a rig that serves as a pseudo/taxi to help him make a little extra cash to help with expenses. We are

mentoring and working with three precious men and *we are trying to help them to establish the kingdom of God in that part of Cuba*. We gave these three core pastors a total of \$1,000 dollars to help supplement their monthly income for the rest of this year (about \$25/month) and make life for them a little more bearable in Cuba.

As we shared with you in our last report, we have a big vision for Cuba to establish a strong apostolic/prophetic church there. We would like to provide a computer for the main contact pastor there so he may be able to download all our studies that we post on our website, and the ones we send them thru e-mail. They can purchase a computer there in Cuba for \$500, and the internet would cost about \$40/month (\$460/yr). It takes approximately \$1,000 to get this done.

There is also a need for a copying machine, camera and other equipment necessary for the expansion of the gospel and the training of the saints in the kingdom of God in Cuba. In the future, we would also like to purchase a property to build a Training Center on it for training pastors and five fold ministries. These are some of the things that we would like to do in Cuba to establish the Kingdom of God there. *Cuba is an open mission field*.

We are aware that we cannot do this alone. We depend totally on God to meet our needs to help fulfill our vision for Cuba, and for other countries of the world the Lord may take us to. I am also aware that there are many wonderful people of God who have a heart for missions, but are not able to go. This is a great opportunity to sow into a fertile soil that will pay rich dividends into your kingdom account: *"Not because I desire a gift: but I desire fruit that may abound to your account."* *Philippians 4:17*

I would like to take this opportunity to thank those intercessors in our Prophetic Intercessory Network who prayed for me during this trip, and those of you who helped me go there financially. Without your help, none of the things we did would have been possible. Only eternity will reveal the impact your prayers and your giving had on this trip to Cuba. May the Lord reward you and bless you in a special way for all your kindness and faithfulness.

While in Miami, we ministered in a Church there and God moved in a great way. During one midweek service, eight people were filled with the Holy Spirit and spoke with tongues. Also in the Sunday morning service the Lord moved gloriously and many were healed and delivered of evil spirits. In March we went to be with Pastor Dansby in Branford Church of God and had a great service in the morning and night.

Later that month we went to Texas to be with our dear friends the Peters. We spent the whole week ministering to the people and sharing revelation about the end of times. Sunday morning we had a tremendous service with God confirming His word with signs following. Afterwards we went to be with our friends Phillip and Maribel Morris on Sunday morning. We had a great service, and ministered to the needs of the people there. We had a wonderful move of the Holy Spirit. We also ministered in a local Spanish church that evening. Well, that is all I have space for. Shalom.
