“THE COMING GLORY CLOUD”

We are on the threshold of the most incredible things happening on the earth since the beginning of time. The increase of darkness and opposition that many of God's people have been experiencing is proof that the enemy knows this as well. We are living in a time unlike anything that has been known before. However, along with *the glory cloud invasion that is coming fast upon us*, there will also be a gross darkness descending upon the whole earth. It is important that you be not afraid at the things that are coming upon the world.

The Lord is about to arise in the midst of His people in a way that we have never seen in our lifetime. Those hidden ones, who the Lord has been preparing in secret for a long time, will have a part to play in the final drama that is about to take place on the world stage. The days of wasting time in petty endeavors and worldly pursuits are over. The Lord is calling His people to wake up and be a shining light in the midst of gross darkness. *The days of preparation have come to an end, as we are now entering a time of divine mobilization.*

As the Day of the Lord fast approaches, a new day is dawning unlike anything we have seen in the past. As the battle for the souls of men rages in heaven and earth, the power of God almighty will be manifested in the midst of His people. *The end time apostles and prophets are about to be released to fulfill their divine destiny on the face of the earth.* They will help prepare the way and lay the groundwork for the Lord's return by restoring His Bride, and making her ready for the coming of the Bridegroom.

As darkness has begun to cover the earth, there is going to be a lot of anguish and pain coming upon the people of God. The Lord has shown me this. I believe that is the reason why so many of God's servants have been feeling such a heavy burden these last several months to intercede. *Only intercessory prayer can birth the sons of God, and release the glory cloud that is about to invade planet earth.* As darkness begins to cover the earth, God's glory cloud shall also arise upon the earth and protect His chosen vessels.

It does not matter how dark and evil this approaching darkness is, the light of God's glory shall overcome the darkness, for the light is His love that will radiate forth from His Bride (Isaiah 60:1-2) as she makes herself ready. Those who are walking close to the Lord and

are ready have nothing to fear. In the midst of the dark, difficult times that are fast coming upon us, the Lord will take care of His own. The whole earth is going to be filled with the coming glory cloud of God. The day of divine visitation is at hand, and the wise will be ready.

The Lord is about to bring His body into divine alignment, bone to bone, perfectly joined and positioned as it should be. Then He will begin to put flesh, sinews and skin on the bones, and then bring His prophets from hiding to breathe life into that Body. As they stand and prophesy in the name of the Lord, *the glory cloud will come and fill all the dry bones with His Spirit.* He will pour waters upon the dry ground until they flood the banks. An exceeding great army of mighty warriors shall arise; a most fearful sight to the enemy.

The powers of darkness have never seen or reckoned with a force like this, for it is a power that has not been revealed in times past. This mighty army shall stand up in such power, authority and glory that its radiance alone shall dispel the powers of darkness, as they flee in terror at the awesome sight of the Warring Bride clothed in white garments that will shine with the splendor of the sun. *Prophets of old dreamt about this day and got small glimpses of it through a glass darkly, but we beloved, are about to see it.*

Though many of you have felt small and insignificant, you are a very important part of what God is about to do. Though you have felt hidden and neglected, you have a place of vital importance in His kingdom. *We are the ones upon whom the end of times has come.* We are the chosen vessels who have been given the privilege of seeing things that few have seen in times past. Before we lift our hands to fight, God will go before us to defeat the enemy. And before we even ask, He shall cause our provision to come upon us.

God's remnant shall walk in the presence of the Lord, and they shall have a revelation of His love in a way they have never known before. *Many wayward backsliders will return to the Lord captive and brokenhearted, but they will be healed and set free.* The blind shall see and the lame shall walk, and those who fear His name will arise in power and great glory. The spirits of darkness that stand against the Lord will be cast down, and those aligned with them will be destroyed as well *when the glory cloud comes; when it comes.*
