

See, I have set before you this day life and good, and death and evil; In that I command you this day to love the LORD your God, to walk in his ways, and to keep his commandments and his statutes and his judgments, that you may live and multiply: and the LORD your God shall bless you in the land where you go to possess it.
Deuteronomy 30:15-16

America! America! God shed His grace on thee... so goes a part of the lyrics of one of the most beautiful songs in honor of this great and noble nation. **From its inception, there have been two spiritual forces at work, competing for the very soul of this nation.** They sought to control its destiny knowing that this nation would play an extremely important role in history, and thus endeavored to establish a beach head on this land very early on.

The evil one has always had a group of men behind most of the important events that have historically transpired on the face of the earth, especially in America. They were very patient as they carried out their brilliant plans and methods to bring about their evil goals. **Their desire is for their evil works to always remain hidden and their identities not be exposed.** They prefer to remain in the shadows doing their evil work behind the scenes.

They continue planning, controlling, manipulating threatening, deceiving, murdering and creating chaos whenever and wherever they can to this day. **They are the seed of the evil one, totally evil beyond description.** I have been shown with great detail how they have cunningly devised and manipulated world events, as well as events here in America, to achieve their ultimate goal of total world power and control. With patience and diligence they worked slowly over several decades to accomplish their plans.

I have also been shown how the seed of the evil one has countless times in the past concocted behind closed doors, their evil plans to try to destroy, exterminate and commit genocide on the righteous seed of our Father and how they have failed every time. They are sickly, demonic beings whose only aim is the destruction of the righteous ways of the Creator and His people. The LORD always is one step ahead of them, no matter how brilliant and worldly wise their plans were.

Ephesians 5:11-12 *"And have no fellowship with the unfruitful works of darkness, but rather reprove them. For it is a shame even to speak of those things which are done of them in secret."*

The attempts to destroy this nation throughout history have been many, and it would not be possible to mention them all in this modest newsletter. They have relentlessly pushed their liberal, corrupt, ungodly agenda upon our schools, courts, government, military, mainstream media and society. They knew that in order to take over this nation, they would first have to destroy its Christian foundation and replace it with a pagan culture brought here by people from other countries.

Homosexuality, transsexuality, pedophilia, bestiality, abortion, human trafficking, drugs epidemic and every other kind of lawless debauchery has been committed on this land in an effort to create a culture of sin where these things are the norm; thus **defiling this nation to the point where God has no choice but to turn His back on the nation that has broken the covenant He had made with our ancestors.**

The land where people live is always influenced by what they do while living on it. If the ruler of a nation has a wicked heart bent on passing laws that promote these sins of defilement, bloodshed, injustice and broken covenants, although committed by a portion of the population, it is seen by the Almighty as corporate sins committed by the whole nation. ***When a land has been defiled, it affects the atmosphere over the city, state or nation that is noticeable by those who are sensitive to spiritual things.***

These corporate sins committed by the people of a nation in the past, even though you may not be able to see it, you can see the effect that it has on a city, state or nation. If these sins go on for long period of time, these national bondages and strongholds will become part of the culture of that society, thus opening the door allowing evil rulers and principalities to come take over that city, state or nation. ***This is how a covering of darkness is slowly formed over a nation due to the sins of its inhabitants.***

The thoughts of the people in a certain area mold their actions and these actions facilitate principalities and rulers of darkness to positions of authority that govern the area. This brings about a veil of darkness over that region that promotes sin, corruption, idolatry and persecution while keeping a veil over the eyes of the people which does not allow them to see the truth, and thus be converted and washed by the blood of Jesus Christ.

2 Corinthians 4:3-4 ***"But if our gospel be hid, it is hid to them that are lost: In whom the god of this age has blinded the minds of them who believe not, lest the light of the glorious gospel of Christ, who is the image of God, should shine unto them."***

The repetitive sinful actions of people determine the spiritual atmosphere over a person or place. Demonic spirits are nourished through the actions of people, and feed on bondages. That is the reason why the majority of the people living in a certain area have striking similarities in their behavior. ***The actions of the people that are living in a particular place will determine whether the heavens are shut and the land cursed, or the heavens are opened and the land blessed. (Deuteronomy 28)***

The longer this condition prevails over a certain area, the more difficult it will be to change it back to its original state. Once the enemy takes a hold of a someone or something, ***the longer the time the enemy is in control of a person or place, the deeper the roots will go, and the more difficult it will be to heal.*** The powers of darkness usually try to bring about the opposite of what the ordained will of God is for that nation.

In order to heal the land original sins, offenses and defilement that is affecting the land and causing the negative atmosphere in the region must first be removed, along with all the consequences whether physical, mental or spiritual. ***It is the responsibility of God's lambs to remove through intercessory prayer the things that are taking place on the land that were not meant to be there.*** This must be accompanied by vast radical changes taking place in government, courts, schools and churches.

The strategic gateways mentioned above must first be taken over and protected if there is to be lasting change. These help to define the foundation of a city, state or nation and everything else that is built upon it. ***If the gatekeepers of these areas are demonically controlled people, they will have access to areas of influence and spheres of responsibility within government and impact it for evil.***

Informed spiritual intercessory warfare is a very powerful tool that helps to first expose these things which have been hidden for a very long time, so they can be removed. This nation came very close to the edge of a precipice. It would have been the end of this nation as we have known it, and the beginning of another one where constitutional rights and freedom would not exist; a time of great peril for the Republic.

Jeremiah 1:9-10 ***"Then the LORD put forth his hand, and touched my mouth. And the LORD said unto me, Behold, I have put my words in your mouth. See, I have this day set you over the nations and over the kingdoms, to root out, and to pull down, and to destroy, and to throw down, to build, and to plant."***

However, during times of great peril, it seems as if the Eternal One always raises up a man to stand against the onslaught of evil that is trying to overtake and destroy this nation. ***It seems like the Almighty always raises up a people with spiritual discernment and the heart of a warrior who love this land enough to fight for it, and give their lives if necessary to defend it.***

God has a way of using the foolish things to confound the wise, and the weak things to confound the strong, and the things that people least expect to shock the proud and the religious so that no flesh should glory in His presence. This time God saw fit to use a businessman with a loud mouth, full of flaws and a sinful past, but who had a heart for America and the courage to do what no one else would; expose the sins and corruption in our nation, in order to heal it. Selah!
