

*When I was a child, I spoke as a child, I understood as a child, I thought as a child: but when I became a man, I put away childish things. For now we see through a glass, darkly; but then face to face: now I know in part; but then shall I know even as also I am known. 1 Corinthians 13:11-12*

The last few months have been very unusual. Remember in our last newsletter I mentioned that there were very strange things happening in the spirit realm as well as in this realm. I also said that *there were things getting ready to happen which were prophesied long ago*. I received revelation concerning some of these things and have already shared some of it in the past few months. Things may begin to escalate out of control soon.

Three years ago we wrote an article titled 'A Shift in Time'. We shared how the concept of space and time is not only Biblical, but that it has also been proven scientifically that it can be altered. *Scientists have said in scientific journals that space consists of at least three dimensions*. We are mostly familiar with this dimension where we exist on planet Earth, also known as the first heaven in the Word of God.

The second heaven is spoken of in scripture as the place where spiritual beings such as *angels, principalities, powers, rulers of the darkness and spiritual wickedness in high places exist and operate in another dimension*. We also explained how Jesus Christ along with the saints of old and our saved departed loved ones, live in a much higher dimension. The Bible refers to it as the third heaven, the place where the New Jerusalem is and the saints of God dwell.

**Ephesians 6:12** *For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.*

In this newsletter we are going to address some things that have been weighing heavily on my heart for some time now. Most people have heard of the widespread children's novels '*Alice in Wonderland*' and '*Through The Looking Glass*' by Lewis

Carroll. You are also probably aware of its connection to the occult. In the story Alice enters a fantasy world where she finds out that just like a reflection, *everything has been reversed and turned upside down... including logic*.

As we watch what is going on in this country and the world in general, we are all seeing a strange phenomena taking place. *It seems as if we have stepped through some type of dimensional portal*, and find ourselves in a strange world where everything has been turned upside down and nothing makes sense. Most people sense that there is something going on, but few are aware of what's really taking place that is affecting our realm of existence.

**Psalms 146:9** *The LORD preserves the strangers; he relieves the fatherless and widow: but the way of the wicked he turns upside down.*

*Reminds me of the old Twilight Zone* flicks where things became bizarre, distorted and upside down. *We see people arrested for not wearing masks, water turned off*, but mobs destroying, looting, burning property, hurting people *while not wearing masks* is fine. People not allowed to attend churches to worship, but *ANTIFA, BLM mobs burn churches down*, threaten, murder black children, *kill good black people*, while declaring that black lives matter. *This makes sense to you?*

Committing terrible evil acts against other innocent human beings while chanting 'black lives matter', is just as illogical as ISIS Muslim extremists doing the horrific things that they did while chanting 'allahu akbar'. *It is becoming apparent that all these groups are energized by some dark spiritual forces*. There is a much darker secret agenda behind what ANTIFA and BLM are doing, and the lies being told by the MSM.

What I am talking about is a very dark, oppressive, dictatorial communist global agenda being sold to the American people under the guise of a false socialist utopian fantasy world where everyone will live happily ever after. To help them accomplish their evil plan, these people, the elite, cabal, however you choose to call them, are using their powerful seductive propaganda [MSM machine, which is very deeply committed to their deep state masters and the dark spiritual forces which they serve.](#)

[In order to make this happen,](#) they need to defund the police and replace them with their own army of ANTIFA and BLM goons like we have already seen happen in democrat controlled cities like Seattle, Minneapolis and Portland. Other democrat controlled cities like NY, Chicago and LA have all defunded the police to weaken them, causing them to resign thus leaving the field wide open for their own dark army of goons to come in and take over.

[It's no longer a secret to anyone who is paying attention what the democrat communist party is planning to do if they win the election this November.](#) They have told you and shown you what they will do if they seize control of this nation. They have already voted for it, and are carrying out their agenda in all the areas which are under their control. They will clamp down on your bill of rights; freedom of expression, freedom to worship, right to own guns, right to defend yourself and speak truth.

The socialist, communist democrats and republican rhinos are planning to steal the upcoming election by [using en-masse mail in votes,](#) using the lame Cov-19 excuse that it is too dangerous for the people to go vote in person. Their plan was to have the schools and churches shut down through the election, since normally those places are normally used as polling places, to vote during elections. There's nothing these people won't stoop to in order to satisfy their lust for power; [lie, cheat or steal.](#)

The scripture that we shared at the top of this article is an enigmatic expression from the apostle Paul concerning the end of times. Many of the events taking place all around us right now, do not appear normal; it seems surreal. The reason these things do not appear natural is because they are a manifestation of things that are taking place in the spiritual or supernatural realm; a dimension that is different to ours, but that is just as real.

**[1Corinthians 2:14 But the natural man receives not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned.](#)**

In order to see more clearly and be able to understand what is going on, we need to look at it through spiritual lenses. The full blown hatred and rage that we are now seeing take place in the natural realm, is the manifestation of a demonic attack by dark spiritual forces the likes of which we have not experienced before at this level in America. The lustful desire to shed the blood of the

innocent and to defile their little bodies; there is only one place where that can come from.

**[John 8:44 You are of your father the devil, and the lusts of your father you will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaks a lie, he speaks of his own: for he is a liar, and the father of it.](#)**

What we are witnessing is a three pronged attack from the pit of hell, designed to affect and impact people at every level: spiritual, mental and physical. At first glance, BLM may seem like a really organic movement that is interested in stopping the police brutality against the black population in some cities. [However, it has turned into something that is much more sinister.](#) There may be some well meaning people involved in the movement; however the BLM leaders are another story.

According to a recent broadcast by American Countdown host and high profile defense attorney Robert Barnes, BLM is heavily involved with witchcraft. Barnes stated that the co-founder of Black Lives Matter Patrisse Cullors openly practices witchcraft. Barnes also believes that the other two BLM co-founders may also be involved in the occult. [He says that there is the possibility of actual witches involved in running Black Lives Matter.](#)

The publication Bustle published an article back in July 8 of this year titled: '3 TikTok Witches Explain How Spells Can Help Black Lives Matter'. These witches go on to say that defunding the police will need the power of everyone in America. The [witches of TikTok have been doing spells in support of the Black Lives Matter movement.](#) They explain that while witchcraft might not have an obvious contemporary link to the protests, there is a deep-rooted connection.

I will close by saying that this three pronged attack that we are experiencing, can only be overcome by engaging the enemy first in spiritual warfare. This battle against spiritual darkness can only be won on our knees. Secondly, there is a battle for the mind and soul of this nation. Truth is powerful, especially when mixed in with our faith. [Truth always prevails over lies and deception.](#) Thirdly, these evil forces must be confronted with words and actions, not just prayer.

Keep in mind, these people know that they have been found out and the truth is coming out. Arrests are coming soon. Jezebel will never retreat unless confronted by the spirit of Elijah and the force of Jehu. Please continue to pray for our President and the upcoming elections. Shalom ~
