"2011 SPECIAL REPORT - THE END OF TIMES"

January/March

For you yourselves know perfectly that the day of the Lord so comes as a thief in the night. For when they shall say, Peace and safety; then sudden destruction comes upon them, as travail upon a woman with child; and they shall not escape. But you, brethren, are not in darkness, that that day should overtake you as a thief. You are all the children of light, and the children of the day: we are not of the night, nor of darkness. Therefore let us not sleep, as do others; but let us watch and be sober. **1 Thessalonians 5:2-6**

Beloved, as I sit down to write this newsletter I am burdened for what is taking place right now in all the earth, and at the same time I am full of excitement in anticipation in view of the glory that will soon be revealed in us. ***Some of the things that I am going to share in this newsletter will not be easy to receive.*** I have pondered its content, realizing the seriousness of the times, and the uncertainty of how much longer we will be able to share these things on newsletters, radio programs, audio files or any other way.

In the past, our warnings have served to get the people of God to repent, pray and intercede for this nation in hopes that the judgments of God could be delayed. Many times God has answered the prayers of His people and this nation has been spared from many major disasters. However, as we have entered into 2011 things have changed. ***We are now about to enter into an appointed time and season where God's plans and agenda for the end of times must now begin to take place.*** Nothing can stop it now (**Revelation 10:6**); we can only alleviate or lessen the intensity of what is to come through true repentance, humility of heart and intercessory prayer. This is the destiny for which we were created, prepared and trained.

Never in the history of mankind have we seen the things that are just beginning to take place on this planet. We are living in truly prophetic times spoken of by the prophets of old and our Lord Himself. In the past, God repeatedly tried warning His people through men like Jeremiah, Ezequiel and others about coming judgment and the fall of Babylon; however, no one listened. Today, history once again repeats itself (**2 Pet. 3:3-4**); warning after warning given by the Lord through His servants, has gone totally unnoticed by the world.

As one of God's end time watchmen ministries, we have been warning God's people for some time now. Our message has been

received by some, but rejected by most. In past times we have tried to wake up the remnant with much love and patience so as not to cause fear, however most Christians in America have little tolerance for truth that is not pleasant to hear, and things regarding end time prophetic events (**2 Timothy 4:3**). ***Time is running out; the first quarter of 2011 has been the most horrific ever in terms of disasters and cataclysmic events. We are in the most critical time of this nation's history and the whole world in general.***

As bad as it has already been, I believe we are about to see and experience much worse; not just in other parts of the world but in our own nation. ***We have been spared so far from major calamities, but the future may not be so kind to us.*** One of the largest economies in the world, Japan has been hit hard; first a catastrophic earthquake, followed by a massive Tsunami and now several nuclear reactors are leaking radioactive material which is threatening the U.S as well as other parts of the world. Cracks are beginning to appear over parts of Japan, as the land is breaking apart, moving and sinking as shown in the video link below:

http://www.youtube.com/watch?v=HTqnAwsbfsI&feature=player_embedded#at=304

After China, Japan was the nation buying most of America's debt, and also had one of the best sea food industries in the world. The economic infrastructure of the whole planet was already fragile, but now with this disaster the world has been impacted for many years to come in ways than we can't imagine. America's economy is about to implode; as the dollar continues to weaken, it may be devaluated 30-50% within a year. We could see a new global currency very soon, maybe this year.

The bread baskets of the world have been decimated by severe earthquakes, floods, fires, tornadoes, droughts and extreme bizarre hot and cold temperatures. According to some sources, there is a very real threat of famine coming to the world soon (**Rev. 6:5-6**). Foreign governments are making very large purchases of grain and dehydrated food very fast as climate changes and disasters have impacted major food production in the world. ***This along with rising fuel prices will cause food prices to soar in the next several months and remain there for the foreseeable future.***

FEMA has put out a request for several millions MRE's to feed 7 million surviving earthquake victims for a 10 day period in Jan 2011, and has put out a request for several more millions afterwards along

with body bags for a possible New Madrid earthquake scenario:

FEMA has scheduled a "Tier I National Level Exercise" (NLE) for 11 states in the month of May 2011 that will simulate the catastrophic nature of a major earthquake in the central U.S. region of the New Madrid Seismic Zone (NMSZ) (see link below).

According to a new study conducted by the Univ. of Illinois this could well happen in the very near future as shown in the link below:

Our government is preparing for major disasters as shown in this link. Why? <http://www.govtrack.us/congress/billtext.xpd?bill=h111-645>

For the last several years, the Lord has been warning us through many dreams and visions given to me. Now many of these visions have begun to come to pass at an incredible pace. All these visions were written in our latest book 'Smile Jesus Loves You' and posted on our website as well: <http://www.theappearance.com/comments.htm>

Most people are not aware that there is an incoming "comet" named after Russian astronomer Leonid Elenin who discovered it on December 2010. At first, this seemed to be just another comet discovered by some unknown astronomer somewhere. However, the more I have researched this topic in the last three months, the more I have grown convinced that this is not your run of the mill comet. Its approach to planet earth has caused major earthquakes and catastrophic events all over the planet. Let me explain.

Whenever this incoming "Comet" has been in alignment with the sun and the earth within the last year, it has caused major catastrophic earthquakes like on 2/27/10 when the 8.8 Chile earthquake took place; on 9/4/10 the 7.2 New Zealand earthquake happened; finally on 3/11/11 a massive 9.0 earthquake struck Japan, triggering a tsunami that killed thousands and has damaged nuclear reactors that are leaking radioactive material to this day endangering Japan, western USA and other parts of the world.

Major news networks are not talking about it despite the fact that Comet Elenin has now been confirmed by several scientists, astronomers and NASA as shown on the following government links:

<http://ssd.jpl.nasa.gov/sbdb.cgi?sstr=C%2F2010%20X1;orb=1;cov=0;log=0;cad=0#orb>

Click on the play button and watch how Comet Elenin reaches its closest position to the Sun on 9/11, 2011. Then on September 26-29 it will be in perfect alignment between the sun and the earth, along with Uranus and Mercury on the other side of the Sun. **Some scientists believe this will create a gravity trench causing major earthquakes and tsunamis. 9/29/2011 also happens to be Rosh Hashanah, the Feast of Trumpets, and is also a fulfillment of Revelation 12:1.** This is not a coincidence, but a sign from the Lord to His people to be sober, watching and praying because He does not want His Church to be caught unawares (**2 Peter 3:9**).

Also, notice how dangerously close this 'comet' comes to planet earth in the month of October and how on the first week of November planet earth will pass through the tail of Comet Elenin. In addition, on November 22 planet earth will be in another alignment, this time between the sun and comet Elenin. This time frame from September 29 through November 2011 also happens to be the time of Israel Fall Feasts. On February 17, 2011 the **Wide-field Infrared Survey Explorer Telescope in space was shut down without warning by Obama, at a time when we need it the most. Why?**

We are not going to be told about these things on any of the

major news networks because it would cause panic, and the world economy would come to a screeching halt and that is something to be avoided until the last possible moment. **The only warning you are ever going to receive will come in the form of movies and TV programs.** This way, the information will be unofficially released to the multitudes in the world as entertainment without causing panic, and disrupting society and the world economy. Actually if you think about it, that is probably the practical thing to do, but not the righteous thing to do. People need to know and be prepared.

God is going to protect His people through the hellish storm that is approaching through His angels, and will move to save the last harvest of souls that will be brought in before God unleashes judgment on planet earth. Our prayers and intercessions are helping the warfare that is taking place in the heavens right now. Make not mistake about it; there is a fierce battle taking place right now in the heavens as mentioned in Revelation 12.

We do not have the space in this newsletter to get into many of the details. If you are interested to find out more information on this subject, you may listen to our archives on The Byte Show titled The End of Times by clicking on the link below:

The chaotic events taking place in the world today are meant to bring His people to repentance so that we are ready for His return. **My friends, Jesus is about to return. God is proclaiming that fact through many of the signs prophesied in the Bible now coming to pass at lightning speed.**

Before that happens though, the man of sin will be revealed with all signs and lying wonders (**2 Thessalonians 2:9-11**). Along with many other men of God, I believe that the coming Muslim Mahdi aka Maitreya is that individual. This is getting ready to take place as **the Mahdi in conjunction with the NWO and the Muslim Brotherhood is right now instigating revolts all over the Middle East, toppling many of the regimes and setting up a Caliphate State for his soon appearance.** A movie was released recently by Iran stating that the coming of the Mahdi is near:

<http://www.youtube.com/watch?v=WwiadYT-N9k>

However, this will be the Church's finest hour. There is no need to be afraid or fearful of the things that are about to take place upon the earth. If these things make us afraid, maybe we need to take a closer look at our walk to see if we are in the faith. This should be a sign to us that we may not be as ready for what is coming as we thought we were. Something wonderful is also getting ready to take place. **Along with the coming of the lawless one, will also come the manifestation of the sons of God (Rom. 8:18-23).**

These holy hidden ones know the meaning of suffering, persecution and betrayal; they have been rejected by the world religious church system, and chosen by God to serve and minister in obscurity (**Hebrews 11:36-38**). Throughout history, many of God's servants have been hidden away from public view until the appointed time for them to be released into their ministry for a short time. **These are the little ones that no one notices, but who walk in great anointing, power, love and humility.**

They are those hidden/shining ones who have been isolated, purged of pride and greed only to be now revealed in these last days). They have been reserved for such a time as this. Those churches that have been prepared, trained and made ready for such a time will shine with the glory of God as a the last great harvest of souls are reaped in the hour of great testing (**Mathew 7:24**). Shalom!
