

***And he changes the times and the seasons: he removes kings, and sets up kings: he gives wisdom unto the wise, and knowledge to them that know understanding: He reveals the deep and secret things: he knows what is in the darkness, and the light dwells with him. Daniel 2:21-22***

The last several weeks have been very unusual. It feels like I am in a cocoon. Very difficult to explain. I have been talking to the LORD much and spending time just listening. I have gone through this once before, many years ago. I have been receiving some revelation and confirmation concerning this matter, however I will keep it to myself for now. Suffice it to say that ***there are things getting ready to happen which were prophesied long ago.***

Three years ago we wrote an article titled 'A Shift in Time'. We covered only part of the message that is contained in an obscure passage from the book of Daniel quoted above. We shared how ***the concept of space and time is not only Biblical, but it has also been proven scientifically that it can be altered.*** We also talked about how Einstein proved it in his scientific formula  $e=mc^2$ ; and now CERN is trying to implement that concept in real time.

Scientists that have looked closely at Einstein's theory of relativity say that space and time are a single entity, which is why it is called space-time. They describe how gravity affects the shape of space and flow of time. They explain that space (consisting of three dimensions) and time are all part of what is called the space-time continuum. This will help to understand what I will share further along in this newsletter.

We also explained how Jesus Christ along with the saints of old and our saved departed loved ones, live in a dimension much higher than ours. ***The Bible refers to it as the third heaven, which is where the New Jerusalem is.*** The first heaven is our

atmosphere, where the clouds exist and the fowls of the air live. The second heaven is outer space where the planets and stars are. The book of Enoch also refers to other additional multiple levels of heaven.

In this newsletter we will shed some more light on this same passage of scripture, but will focus more on verse 22. Here we are told that the Almighty reveals the deep and secret things; things which are too profound for man to understand by his own power, and which are concealed or hidden until he makes them known unto us. What is mentioned in verse 22 relates to another kind of knowledge.

What Daniel was telling King Nebuchadnezzar was that whenever the highest human wisdom was not enough to comprehend the mysteries of His creation, God was able to disclose these deep truths to those who He desired to do so. ***These truths can only be made known by revelation;*** that is deep hidden truths which man could never have discovered by his own power and intellect.

***1 Corinthians 2:10-11 But God has revealed them unto us by his Spirit: for the Spirit searches all things, yea, the deep things of God. For what man knows the things of a man, except the spirit of man which is in him? even so the things of God knows no man, but the Spirit of God.***

Man has neither the wisdom nor the knowledge to be able to comprehend these things. Only God is able to reveal the deep and secret things, the things which are concealed from man. He knows what is in the darkness, on which no light seems to shine. This refers not only to what is concealed from man in the literal darkness of night, but all that lies beyond the range of human perception; all that pertains to unseen worlds.

**Job 38:19-20** *Where is the way where light dwells? and as for darkness, where is its place, That you should take it to its domain, and that you should know the paths to its home?*

A very large portion of the universe lies beyond human understanding at present, and thus it remains a mystery to man. We have been placed in a three dimensional world which can only be perceived through our five senses. In this world there are things that exist that we are not even able to perceive. Take for example those things which are so small that can only be seen through the lens of a microscope, or electricity which cannot be seen, yet we are able to enjoy its benefits.

**Job 12:22** *He uncovers deep things out of darkness, and brings out to light the shadow of death.*

In recent years with the help of new advanced technological discoveries like the LHC among others, many astronomers and scientists have been able to gather enough evidence for them to determine that our universe is made up of approximately 26.8% dark matter, 68.3% dark energy and 4.9% regular matter. Scientists have not yet been able to actually see this elusive dark matter, even though they are now convinced that it does exist.

At this point we must begin to ask ourselves: *Could dark matter be something that exists in another dimension?* In other words, if dark matter and dark energy were to exist in another realm, it would not be able to be perceived through our natural senses in this realm. It is possible that it can only be seen and felt in a different realm. I know that this concept is something that is difficult to grasp, and wrap our minds around. However this concept is referred to in the Word of God in more than one place.

**Hebrews 11:3** *By faith, we understand that the universe has been framed by the word of God, so that what is seen has not been made out of things which are visible.*

In other words, the scripture above is clearly telling us that *our universe was made out of things which are invisible*. Could this invisible thing that Paul is talking about in this scripture be referring to negative matter and negative energy which are not visible in our three dimensional world? In lieu of what scientists and astronomers have discovered in recent years, it could very well be, although there is no way to prove my theory.

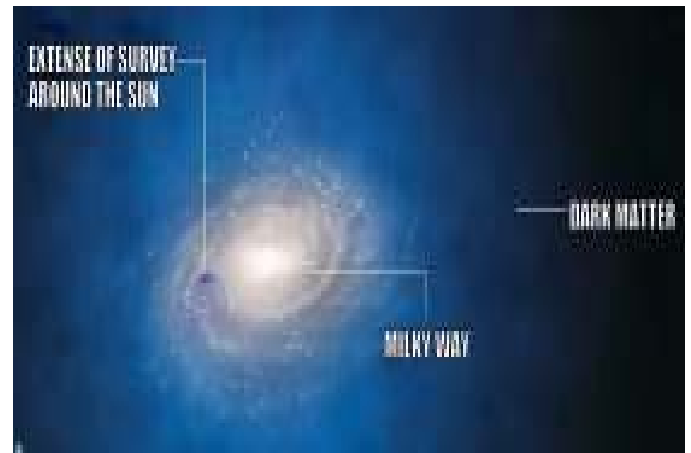

**Ephesians 1:17-18** *That the God of our Lord Jesus Christ, the Father of glory, may give unto you the spirit of wisdom and revelation in the knowledge of him: The eyes of your understanding being enlightened; that you may know what is the hope of his calling, and what is the riches of the glory of his inheritance in the saints.*

There is however a recent experience which I was given within the last couple of years that seems to confirm this. *I kept it close for almost two years before I released it*. There were just too

many things and loose ends that I was not able to understand. I have been praying and waiting on the Almighty to give me understanding on this matter. These things are too wonderful for me, things which I could not understand.

**Job 42:3** *Who is he that hides counsel without knowledge? therefore have I uttered what I understood not; things too wonderful for me, which I knew not.*

The reason that I was taken in my angelic body to another realm, was to reveal to me what is taking place in the spirit realm at this time. There seems to be a very large number of cracks appearing in the fabric of space. A fierce battle is being waged in the spirit realm due to the large number of demonic entities that are coming in through them over into our realm of existence. *Something is causing a large number of cracks to appear in the fabric of space at this time.*

Some people might call these cracks 'portals', 'gateways' or 'doorways'. Whatever you may call them, I described them as cracks based on what I was shown. I was not told what was causing all of these cracks to appear in the fabric of space and time. I have an idea that the large number of abortions taking place in the world right now could be one of the reasons for the many cracks that I saw appearing at this time in the fabric of space protecting our realm of existence.

Another reason is the satanic blood rituals that are being done in massive numbers all over the world, especially in this country. Satanic rituals prefer children, and the younger the better. Satanists prolong torture to raise the energies through terror and fear. Then they release the blood from the victims to open portals or cracks and draw demons into this realm. *As these portals or cracks appear, demonic entities can then come through them into this realm of existence.*

Another reason is the number of blood ritual mass murders that are taking place in the world like never before. *This may also cause portals to open, allowing demonic entities to come into this realm*; thus causing demonic activity to ramp up. In addition, the escalation of CERN activity in recent years could also be responsible for the increase in tears and cracks taking place in the protective barrier around us that has been placed there by our Creator to protect us.

The angelic hosts are very active right now trying to close these cracks as quickly as they appear in order to stop these demonic entities from crossing over into this realm. Nibiru could possibly be another reason for the fracturing of the protective barrier around us consisting of dark matter, thus causing cracks to appear. As Nibiru makes its approach to planet Earth, signs in the heavens will accelerate. Shalom!
