THE HEDGE IS DOWN

January/April

and now; I will tell you what I will do to my vineyard: *I will take away its hedge*, and it shall be eaten up; and break down its wall, and it shall be trampled down: And I will lay it waste: it shall not be pruned, nor dug; but there shall come up briars and thorns: I will also command the clouds that they rain no rain upon it. Isaiah 5:5-6

What a great privilege to be alive and see the things prophesied by the prophets and apostles of old coming to pass right before our eyes. I sit here writing this newsletter to you, and it is somewhat difficult for me to believe that it is already the spring of 2015. We are entering a difficult season of very uncertain future where *the people of God must mobilize and position themselves in order to be able to go through it.*

This new season will be a season of change and new beginnings for many. Most do not have a clue of what is just ahead, and they are not prepared for it mentally, physically or spiritually. If the things that are taking place right now are any indication of what is in store for us this year and the immediate future, *we are going into some rough times.* In addition, bizarre weather continues to take place all over the world, and it seems like America is feeling the brunt of it.

The severe droughts, floods, fires, heat and Arctic cold blasts are causing severe damage to this nation and its ability to continue to be the breadbasket of the world. Whenever a nation falls away from God, and begins its descent into darkness and corruption, one of the first things that happen is God's hedge of protection is removed. *This nation has drifted so far from God that it has become blissfully unaware of our foreboding enemy as he stands before us and works within our ranks.*

We are in imminent great danger, and were it not for intercessory prayers from His saints, it would be much worse. In the last 14 years we have seen some things happen in this nation that we had never seen before. From the Twin Towers attack in NYC; to the crumbling economy; to the weak condition our military; undetected Russian subs close to our coasts; people dying of the Ebola virus on America; to people being able to get inside the White House unhindered, *all of these things are signs that tell us that the hedge is down.*

There is not much time left, and soon the door of grace will close and tribulation will begin. I have been instructed to tell God's lambs what time it is; *there is great darkness coming upon the earth, and there is a lot of activity going on in heaven right now.* I know that this is a very hard and difficult word to receive, and even harder to act upon. The world is on the verge of economic chaos, pestilence, cataclysms and world war as God is going to bring the nations to a day of reckoning before the great and terrible Day of the Lord comes.

In His mercy, many times God has sent us warnings to get our

attention, for us to repent, turn back to Him and prepare for the evil that is to come. We are about to enter great tribulation. Soon we will be in the night season where no man can work. The church has to prepare now to bring in the harvest, before chaos comes to the cities. Whatever it is God has asked you to do, you must do it now. *There will be a harvest in the earth, but first the Lord will shake heaven and earth to gather it in.*

The trouble that is coming is not meant for those who are already following the Lord with all their hearts. It is meant to bring those who have rejected Him to a place of repentance. That does not mean there will not be any Christians killed, but it does mean the safest place for anyone to be is close to Him in His perfect will. *Whether we live or die, our future remains in His hands.* Therefore we should all endeavor to have an eternal perspective without fear of death

The One World Church that is about to emerge as well, as the path has been paved for its formation. However, in the midst of all this mess, I also see the hand of *God setting America up for the biggest revival it has ever seen.* It will dwarf the Azusa Street revival, as a matter of fact, this move of God will be so unprecedented that planet earth has never seen anything like it. If what the Lord has shown me comes to pass, the glory of God is going to be displayed for all to see in an unprecedented way all over the world.

Those spearheading this will be mighty warriors, who have been processed in the fire of God's furnace, and have been purified in the crucible of life's processes. The powers of darkness will also become very dark and prominent. There is great darkness coming upon this nation and upon the earth. The devil is getting ready to come against the Church with great vengeance and fury. However, *by then the church will no longer be defiled and corrupt, but radiant*, full of power and authority.

She will move with boldness against the forces of darkness healing the people of God and setting them free. This will be the Church's finest hour. As we continue to press forward, the need to be in position will become extremely important. *Many will miss this vision because they are too busy with stuff* to listen to the voice of the Spirit and get direction as to what to do. The mindset of doing your own thing or doing what you believe is the right thing to do will cause you to miss God's visitation. Look to the Lord for direction.

Many have cried out for revival, but they are not really ready for the revival that the Lord wants to send. God's people must be willing to pay the price by seeking the Lord, interceding for souls and being ready to lay their plans down so that a fresh move of God can come. The double portion latter rain of His Spirit is about to be unleashed upon those who are holy and set apart for His purposes, sitting with Him in heavenly places. The LORD will have His people in place all over the world. May we be accounted worthy; Shalom.
