SPIRIT OF ANTICHRIST RISING

May/June

Little children, it is the last time: and as you have heard that antichrist shall come, even now are there many antichrists; by which we know that it is the last time. 1 John 2:18

It was over fifty years ago that my family arrived in America seeking freedom from oppression and a better quality of life. I was a young teenager trying to learn the language and culture and although it was at times difficult, we never complained and tried to do the best we could. ***We did not mind hardships and difficulties as long as we had one thing: FREEDOM.*** We felt safe knowing that as long as we did not break any laws, we would be left alone to live our lives as we saw fit.

In the last several years, I have been observing a pattern that is developing in America and most of the World. I am seeing right before my eyes freedom on this nation rapidly changing from where it once was a constitutional right for all of its citizens, to a privilege been given to a select few who are a part of the Oligarchy or whoever they decide to give it to. ***I saw this happen once when I was young; I never thought I would see the day when it would happen in America.***

We are now living in a time where good is called evil and evil good. Not only that, but the people are now being forced to accept their political incorrectness or suffer the wrath of the antichrist system. Make not mistake about it, there is a horrific spirit of antichrist rising in America and the whole world. ***This is a spirit that hates all that is good, righteous, noble, moral and decent; qualities that are embodied in the lives of true born believers in Jesus Christ.***

The nation of Ireland already has become the first nation in the world to make same sex marriage the law of the land. Now this nation is on the verge of becoming the second one unless the prayers of the Lamb's Bride prevail and the Righteous One intervenes. If the former happens, there is no telling where this will take this once noble nation. ***The doors that will be opened to the spirit of lawlessness and depravity are just too hideous to even begin to mention.***

The end result of all this will be a most horrific persecution that will come upon all that call themselves Christians that will test the faith of every child of the Most High and purge His House of all uncleanness and debauchery. The majority of the Christian Churches in America continue to ignore the white elephant in the room; ***the noose that keeps tightening around the necks of every freedom loving American.***

Incessant intercessory prayer would be a good start. As if persecution were not bad enough, there is going to be severe chastisements upon the unrepentant. If things that are taking place right now are any indication of what's in store for us this year and the immediate future, ***we are going into some very rough times.*** In addition, bizarre weather patterns continue to take place all over the world, and it looks like the U.S. is taking the brunt of it. It does not look good.

The severe droughts, floods, fires, heat and Arctic cold blasts are causing severe damage to this nation and its ability to continue to be the breadbasket of the world. Whenever a nation falls away from God, and begins its descent into darkness and corruption, one of the first things that happen is that God's hedge of protection is removed. ***This nation has drifted so far from God that it has become blissfully unaware of our foreboding enemy as he stands before us and works within our ranks.***

We are in imminent great danger, and were it not for the intercessory prayers from His saints, it would be much worse. There is not much time left, and soon the door of grace will close and great tribulation will begin. I have been instructed to tell God's lambs to prepare and come into alignment to His divine will. ***Now is the time to do what He has asked you to do; whatever that may be.*** We may not have much more time to obey the LORD and prepare. Shalom my friends.
