## "2011 - YEAR OF DESTINY"

***F***or the earnest expectation of the creation waits for the manifestation of the sons of God. For the creation was made subject to vanity, not willingly, but by reason of him who has subjected the same in hope; Because the creation itself also shall be delivered from the bondage of corruption into the glorious liberty of the children of God. For we know that the whole creation groans and travails in pain together until now. **Romans 8:19-22**

Every year at this time, I pray to God for revelation and guidance for the New Year and for what He would have me share with His people. There is not doubt that we are living in an exceedingly great time and at the same time a tumultuous one. Things are happening now so fast and furious **that I can barely keep up with the amount of information coming from the spiritual realm, as well as events happening in the physical world.** There are not enough hours in a day to process all these things and implement them in the natural.

Oh, precious people of God, how my heart yearns for the manifestation of the glory of God on this earth. As this world keeps getting darker and darker by the day and the wicked are bent on destroying God's beautiful creation, **there is a word in this hour for the overcomers. This is not for everyone, not even for those who call themselves "Christian" but are still living on the outer court of God's Kingdom.** This message is not for the weak and fearful of heart or who are not able to believe God at His word.

There is a spirit of lawlessness, deception and insanity that is beginning to grip this nation ever more tightly to the point that it is blinding most people to the reality of what is really taking place. **America is standing before the precipice of a totalitarian police state** where the people will only be allowed to freely express politically correct opinions that are sanctioned by the Big Brother Government and enforced by the Gestapo like agencies set up under the pretext of protecting the people against terrorism.

**The once proud land of the free and home of the brave is rapidly becoming the land of the oppressed and home of the indifferent.** America has been taken over by the spirit of Jezebel, which has rendered most men as weak as Ahab. This is most obvious in the church of Jesus Christ, where political correctness and seeker sensitive services have supplanted men who preached as oracles of God's truth and God sensitive services. Altars that were once used for repentance, healing and deliverance have now been transformed into high places and altars for Mammon.

**If the Church does not wake up and begin to declare the Truth with boldness and without compromise, this country will be lost for good, and the Church will not make it through what is coming.** At the beginning of last year I was told by a messenger of the Lord that there was a

great, deep darkness that was quickly coming upon the whole world <http://www.theappearance.com/new-page-24.htm>. Then later last year I was shown this darkness in another vision.

We are about to see the fury of hell unleashed on unsuspecting humanity of such a magnitude the likes of which the world has not experienced since the days of Noah. Horrible demonic powers will be released to deceive, seduce and possess any person (even Christians) who yield to and invite this ubiquitous darkness through lack of character and discipline. **This darkness will completely absorb and possess anyone who is not full of light.** There will be nowhere to hide from it except by the presence and power of God.

We cover this topic in detail on the last message of our series titled "The End of Times" in the audio files section of our website. **On the other hand, bizarre events are taking place on a daily basis:** fire balls in Colombia, California and other parts of the world; volcanoes dormant for hundreds of years are now active and erupting or threatening; snow blizzards with winds in excess of 80 mph; water floods in Australia covering an area the size of Texas; earthquakes greater than 7 (Richter) happening in diverse places.

In June 2006 I had a vision in the middle of the night where I saw what appeared to be a pole shift. **Now an article came out on the Tampa Tribune stating that scientists have determined that the magnetic north pole is moving towards Russia and it has affected Tampa International Airport.** The FAA has required runway designation changes to account for what a National Geographic News report described as **a shift of the Earth's magnetic pole at nearly 40 miles a year toward Russia because of magnetic changes in the core of the planet according to this article:**

**However, I also know that we are about to see the glorious manifestation of the sons of God.** The whole earth is groaning, travailing in anticipation of this great event. **Oh, what a glorious event this is going to be!** These vessels of light and love will carry upon them such a great authority...Kingdom authority. These manifested sons of God will wield the sword of the Spirit with authority, wisdom and love. The enemy is fighting us very hard. We are all fatigued, bloodied and exhausted from the battles.

**You may be feeling alone, but trust me my friend you are not alone.** There are many who have not bowed the knee to Baal, and sold out to the spirit of the age. No one is going to make it through the darkness that is coming unscathed. Let us not slumber as we see that day approaching, but **be encouraged in the fact that the Lord is always with us. Shalom!**
