

WORD FROM THE LORD

BROTHER MARCUS

2008

2008 began the year of the open gate,
And the coming of the giants will not be late.
For a time they have been concealed,
But in the days of slaughter they shall be revealed.

There is a tithe of giants left to defile,
That will come forth in the days of the sons of Belial.
For the bands are about to be cut asunder,
And you will see the evil from the gates down under.

These are the days men apply evil to their inventions,
But our God shall take vengeance on their intentions.
For by these inventions they became spiritual whores
Now to bring forth the giants and demons through the doors.

The Archonic rulers are now falling into place,
To bring under subjection the whole human race.
Through water, food, air and other ways
Do they attempt to target your genes
and they will try to modify you by all evil means.

The dance of destruction shall again test the core,
And you will hear of terrible darkness at the door.
In days ahead you will hear again of the great con-C.E.R.N.
That by deception will make men's hearts to the others turn.

Be alert and prepare for events that shall move ever so fast,
And the evil ones will say, our day has come at last.

But be not afraid but be bold as a lion,
For our God, the Lord Almighty, shall soon roar out of Zion.
Get under Jesus' Blood and there abide,
For that is your only salvation from the coming evil tide.
