Ephesians 2:20-22

Ephesians 4:11-16

No. 4 Issue 2011

"D-DAY 2012"

October/December

For you yourselves know perfectly that the day of the Lord so comes as a thief in the night. For when they shall say, Peace and safety; then sudden destruction comes upon them, as travail upon a woman with child; and they shall not escape. But you, brethren, are not in darkness, that that day should overtake you as a thief. You are all the children of light, and the children of the day: we are not of the night, nor of darkness. Therefore let us not sleep, as do others; but let us watch and be sober. *1 Thessalonians 5:2-6*

As I am sitting down in front of the computer writing this newsletter to you, I am reflecting on the fact that in a few hours it will be 2012 and we are still here to talk about it. *We are one year older, wiser and much closer to the end of the world as we know it.* No, 2011 was not a pretty year, but a year full of disasters, tragedies, warnings, revolutions and abnormal events taking place all over the earth. Yet, in the midst of the chaos and human suffering, the Lord is with His people; His abiding presence stronger than ever.

I learned a few things this year; things that I may have known in an intellectual way before, but now I have experienced them for myself and it has become experiential knowledge to me. One of those intangibles in life is that you don't know something until it has had an opportunity to become a part of you; until you experience it for yourself. Then it becomes yours. Faith is like that, it is not something that you can get from a book, a seminar or by even listening to a good message preached by a preacher.

Some of the things that many have gone through this year, have caused us to slow down our hectic lives and ponder how fragile our lives are, and how incredible quick everything around us can change. It causes us to focus more on eternal things and less on earthly things which are temporal. Father wants us to be able to come to a place of total trust and dependence on Him, where we learn to walk by faith and not by looking at all the bad things that are beginning to take place all around us. It may get worse.

The things that will transpire in the next several months are going to challenge all of us, even the strongest of believers, to ascend higher than we have ever before and trust in our Father more than we have been capable of ever before. Because of the repentance and intercessory prayers of the few, much pain and suffering has been withheld from the many in this nation and in some

other places abroad. Most will never know the immense warfare that has been waged for the lost souls of mankind behind the scenes.

Many of the things that we have had to go through and endure this year, was to prepare us for the things that lie just ahead. This statement may sound somewhat crude considering the untold suffering and pain which many experienced this year; however these things will pale in comparison to what may lie just ahead of us. There is no way to be prepared spiritually, emotionally and in the natural for what we are about to face unless we have had to go through some of these things beforehand.

We are now coming to the end of normal times, and the greatest outpouring of the Holy Spirit to ever come upon the earth is fast approaching. It is going to be a spiritual tsunami of such proportions, the likes of which has never been seen. It is going to be accompanied by divine supernatural manifestations from heaven, as the angels of the Most High will be unleashed to bring in the final end time harvest of souls. This will be taking place right alongside terrible judgments being unleashed upon the wicked.

Some believers have a problem with this, saying that we are not to partake of His wrath. That is correct; however *throughout the Bible we see the Almighty pouring His wrath on the wicked while at the same time protecting His people, those who are His time and time again.* We saw it in the flood, how He protected Noah and his family while at the same time destroying the wicked; we saw it in the destruction of Sodom and Gomorrah, how He protected Lot and his family while at the same time destroying the wicked cities.

We saw it in the plagues of Egypt, how He protected His people in the land of Goshen while at the same time destroying Egypt and all the wicked people there. *The Lord does not change; what He did for His people back then, He is going to do for us today likewise.* Our part is to make sure that we stay close to Him with repentant and humble hearts as that day approaches. And brother; is it approaching fast. Take a look at the section 'Real News That Never Made it to the News' and you will see what I am talking about.

The distinctions between the righteous and the ungodly will grow increasingly more pronounced on 2012. The wise virgins are waking up and beginning to turn to the Lord in repentance from every evil sin that has been allowed into their lives, and are being filled with fresh oil from Heaven. May we be found worthy by the Lord in 2012.
