Ephesians 2:20-22

Ephesians 4:11-16

No. 6 Issue 2013

“END OF TIMES – PART 7”

November/December

When they that feared the LORD spoke often one to another: and the LORD hearkened, and heard it, and a book of remembrance was written before him for them that feared the LORD, and that thought upon his name. And they shall be mine, says the LORD of hosts, in that day when I make up my jewels; and I will spare them, as a man spares his own son that serves him. Then shall you return, and discern between the righteous and the wicked, between him that serves God and him that serves him not. Malachi 3:16-18

As I sit here writing this last newsletter for the year, I am quietly pondering where has the year 2013 gone? ***2014 is here, with its fearful omens and faith filled expectations wrapped up in the thrill of the unknown.*** This year 2014 we are headed into uncharted waters where we have never been to as a nation before. In the past, the LORD has pulled back the veil of time that separates the celestial from the terrestrial revealing to His select few, pieces of the jigsaw puzzle depicting what may lie in the near future.

Based on events that have taken place this past year, 2014 will probably not go very smoothly. We have the threat of a war in the Middle East, the world economy is getting ready for a currencies reset, there may be a threat of an EMP either from the Sun or from one of our enemies, we could see a terrorist attack and there may be an asteroid strike in the Atlantic Ocean from the remains of Comet ISON. Outside of that, we should be all right.

The detailed footage of Comet ISON swinging around the Sun about 3 weeks ago was captured by NASA's STEREO and SOHO. Earth is expected to start passing through the trail of ISON starting on January 12th through the 30th according to scientific sources. ***No one seems to know if the nucleus of ISON survived the close encounter with our Sun, including NASA.*** Not only is there no information coming from the govt. but there seems to be a concerted effort to discredit anyone with credentials trying to warn the public.

Scientist Gareth Williams who works with Minor Planet Center and is responsible for keeping tracks of asteroids, comets and asteroids asserts that ISON will come dangerously close. He has made statements that there is no guarantee that ISON will not strike Earth. ***Some models of ISON trajectory show the possibility of ISON hitting Earth.*** This would explain NASA's inconsistencies, missing images and the government's preparations for some unknown major disaster.

Some of the rocks being tracked from Comet ISON are several miles wide. According to reports, ISON has fragmented into 21 large rocks that make up the nucleus, and millions of other rocks surrounding the nucleus as well as millions of more rocks and fragments in the debris tail. ***In recent days, the government has changed the terminology as to what may be approaching us from Comet ISON, from meteor showers to meteor storms.***

After ISON came around the Sun, something caused it to fragment and loose velocity. It could have been the Sun; however in SOHO footage, you can see something shot ISON and shattered it after it came from behind the Sun. As a result, many of the rock fragments now have new trajectories which seem to be in a shotgun shell formation. NASA now has serious problems in tracking all the fragments heading towards Earth's orbit. ***According to reports, all rock fragments have different size, velocity and approach angle.***

Bear in mind that months ago Asteroid 2012 DA14 was supposed to be a non-event, yet on the same day a meteor burst took place over the Southern Urals in Russia. ***It was the largest rock to hit our planet in over a century. Its detonation released the equivalent energy of over 20+ Hiroshima bombs.*** It damaged over seven thousand buildings and five hundred people sought medical treatment for wounds. If this would have happened over a major city, the carnage would have been mind boggling.

On the other hand we have the moral depravity and sodomization of America continuing to ramp up, as we just recently saw Phil Robertson of the popular A&E TV series Duck Dynasty suspended from his own show because of remarks he made in a GQ interview on the subject of homosexuality and sin. ***We have serious problems in America when we see more moral integrity and boldness in a secular TV series than in the majority of the churches who have sacrificed Christian values on the altar of political correctness.***

When the lewd gestures of Miley Cyrus, Madonna and Lady Gaga get laughs and applause while Phil Robertson gets suspended for speaking out against homosexuality and corruption, we are getting dangerously close to becoming Sodom and Gomorrah. However, the moral decadence of America did not happen overnight; ***for years we have come under constant attack from demonic forces that are seeking to destroy the moral fiber of this nation.***

As we enter into the year 2014 and the time of great darkness draws closer, demon encounters and signs in the heavens will

continue to escalate dramatically in the days ahead. Reports from all over the world of UFOs and strange activity in the heavens are intensifying, more each day. Booms, sounds and shakings were recently heard in eleven different states similar to what happened in the 2011. ***It is now rare the day that we do not see or hear about some strange sign in the heavens just like Jesus prophesied:***

Luke 21:11: "And great earthquakes shall be in various places, and famines, and pestilences; and fearful sights and great signs shall there be from heaven."

On 12/4/2013 about 91 world leaders and celebrities went to South Africa to attend the funeral of Nelson Mandela. Surely, Mandela was no doubt an important figure in the world and has been compared in the past to Ghandi, Martin Luther King and Mother Theresa. However, it is difficult to imagine that so many dignitaries, presidents and celebrities from so many countries gathered there for that sole purpose. ***Could there have been a more sinister reason for this funeral that ended one day shy of 12/16/2013?***

As you may recall, there was much to do about December 21, 2012 as the end of the Mayan Calendar. However, despite all the festivities taking place all over the world in places like Chitchen Itza, the Pyramids and other famous archeological sites that date came and went without anything of significance taking place. Many soon realized that because of the birth of Jesus Christ happened between 1 BC and 1 AD, one year was not counted and ***the true end date of the Mayan Calendar was recalculated to be December 16, 2013.***

At any rate, on Monday December 16, 2013 most dignitaries that attended Mandela's ten days funeral service visited the ***Voortrekker Sun Monument in Pretoria, SA.*** It was designed for just one day of the year: December 16. ***On that day a beam of sunlight is cast down on a chamber that has an empty tomb with a mysterious inscription on it representing the people of Africa.*** Also on that specific day there was a triangle alignment between ISON, Venus and Earth, perfectly equidistant from each other.

If this is not enough of a conspiracy theory by itself, there were also reports and rumors of a strange meeting taking place in South Africa reported by Preston James PhD on *Veterans Today*, a military and foreign affairs journal on December 22, 2013. ***Those of you who have been keeping track of UFO activities and conspiracies for a while know that there are deep secrets hidden from the masses about the presence and involvement of ET's and the alien/human hybrids at the highest levels of government.***

Those of you who are not aware of these things will not be able to understand this. Unfortunately, this knowledge cannot be received or processed by the majority of believers yet. ***Soon, most will have no choice but to believe these things because it will be staring them in the face.*** Men's hearts will fail them for fear of things that are coming upon the earth as spoken by the Messiah in ***Luke 21:26.*** However, for the sake of the remnant, I will briefly share what may have really happened in South Africa.

According to a VT reputable source, the Mandela Funeral was used as a cover-story to assemble the world's top Leaders to pay homage to ***an ancient Sumerian 'god' who has allegedly returned to be crowned as the new King of Africa and later elevated to "Ruler of The NWO"***, as the final stage of the Globalist NWO Plan is revealed and fully implemented. While this sort of report may sound farfetched, incredible and freak out the majority of believers out there, I promise you that the scriptures fully back this up.

I know several respectable, godly men who could testify based on evidence they possess, that what I am sharing with you is not only possible, but is in fact happening. If the people of the Eternal One are to be warned and prepared for what is coming, then ***all the***

secret, diabolical plans and hidden agendas of the cabal must be uncovered, exposed and brought to the light. The final great delusion we were repeatedly warned about by the Messiah and the apostle Paul is about to be unveiled and foisted upon mankind.

This cosmic lie will be so strong and seductive that the majority of the churches and backslidden lukewarm believers will not be able to resist it. It has already begun. Most will forsake their faith as it will be presented to them as old fashioned and irrelevant to modern times. ***All the scientific and technological breakthroughs that will accompany this "NWO Religion" will be so incredible and the lies so believable, that it will deal a fatal devastating blow to the present belief system of Christianity and all other religions.***

Those of you who have refused to believe all the truths and the revelations that our loving Father has been faithfully trying to bring to you for a long time now through His apostles and prophets will not be able to make the transition in time, as these things that are about to spring upon you will overwhelm you. ***If you are unable or unwilling to apply these truths to your mind and spirit man you will be unprepared to engage in this end time battle between the forces of light and the forces of darkness.***

It is not possible to cover all the material that I need to share with you in this short newsletter. I suggest that you go to the radio shows page on our website and listen to some of the talks that we have given on this topic and many other similar ones. Just on The Byte Show alone, we have thirty audio files on the topic of The End Of Times. We also have dozens of others audio files dealing with many of these things that you need to hear. ***Avail yourself of these valuable resources while you still have time to do it.***

In closing, the event that took place in South Africa at the funeral of Nelson Mandela, may have set up the upcoming event that is to take place this year involving Jerusalem. As you may already know, the peace treaty talks will resume this upcoming April in Israel. ***It seems the powers that be are trying to make this event coincide with the upcoming red blood moon eclipse during Passover in April. If they are not able to get it done by then, watch them try to get it done by October 2014 during the feast of Sukkoth.***

In a fiery Ramallah speech, Palestinian president Abbas said that ***'there will not be a peace agreement without East Jerusalem as the capital of the state of Palestine'***. Of course, that is where their Dome of the Rock is located. It also happens to be the area where many believe the Jewish temple was located. ***The Vatican also wants control of East Jerusalem. Finally, the U.N. also wants Jerusalem to become an international city. As you can see, this will be quite a problem in the upcoming peace negotiations.***

However, as the saying goes: *'the plot thickens'*. According to VT sources, the plan is to eventually install in Jerusalem the returning Sumerian god as the New Caesar of the Ages where he will initiate and institute his New World Order Luciferian Worship System. For now, he is being prepped to take control over Africa with all its wealth and natural resources. ***Now, I must honestly say that this kind of material would make for a very interesting Christian Fiction novel. But as the saying goes: "Truth is stranger than fiction".***

Only time will tell if these things are true, or the product of a very active imagination. Either way, it does seem to fit the bill for many of the strange things that are happening right now before our very eyes. ***It behooves us to be alert and prayerful in the days ahead as we see the Great Day of the LORD approaching. There is no doubt in my mind that we are indeed living in the end of times. Not only do I confirm it with my eyes, but I have seen it in a vision.***

Many thought that Noah had gone mad in his day; you probably think I am too. However, I press forward, knowing that in the end my only obligation is to obey my LORD and SAVIOR. Shalom.
