

Missiles of October

Thought I would relate a dream to you I had in the early 1980's. I had been in prayer for about a week and on the last day of my prayer fast, I became very sleepy. So sleepy, that I couldn't keep my head up. I struggled against sleep as I was trying to hear the Lord. I lay back on the bed for a minute, but as soon as my head hit the bed I was asleep. I immediately had a dream.

DREAM: In the dream I saw a long line of missile silos. I had the knowledge in the dream that these were missiles no one ever thought would be fired! I could not tell who the missiles belonged to. As the dream progressed, I saw the missiles begin to fire and lift out of their silos. I noted that not all the missiles were fired, but only a certain number were fired. I saw the missiles fired, go up into the sky and reach a peak; then start to arch and fall back towards the earth, towards it's target. I did not see who or what the target was but as the missiles began to fall towards their targets, I heard in my dream what sounded like a loud audible voice, " THESE ARE THE MISSILES OF OCTOBER!"

This voice woke me up fully awake and I sat up with a start! I still remember in vivid detail the dream of the Missiles and the voice that declared they were of October. (No year was given)
